

ACTIVATING MULTI-DIMENSIONAL CONSCIOUSNESS

A Workshop to Access our 9-Dimensional Self

As humans, we are living in a portal of time when we can vibrate with both higher dimensional intelligence and Earth-based wisdom, opening up several levels of awareness simultaneously. This frees us to live out our soul's potential, and to heal and transform our world.

Corvin-Blackburn combines her original work with the work of Barbara Hand Clow, bringing you an afternoon where you learn to harmonize your 4th Dimensional emotional body, center in the heart/mind of 5th dimensional frequency and open the gateways to both Earth and Star Consciousness while learning about and experiencing yourself as the 9-dimensional being you are encoded to become.

WHEN: Sunday, June 12th, 2011, 1 – 4 pm **Fee:**
\$25

WHERE: Unity Center, Charlotte, NC
7300 Mallard Creek Road

Testimonials: Multi-Dimensional Workshop

I really wasn't sure how much I was going to be able to get out of the workshop because so much of it is new and seemed way over my head. However, it was wonderful. It's such a good starting point for me in understanding the multi dimensional selves. You did an amazing job. I really enjoyed the guided meditations. Very beneficial and my mind/spirit were able to just take me to some open spaces for better understanding of all of the topics. Thank you! Again, you did a beautiful job and I'm incredibly grateful for the opportunity to be introduced to these concepts. You're a great teacher.

"Your workshop was great, Judith. I think I understand a little more. You should make a recording of the heart meditation and others."

I felt like your workshop was something I have been searching for a long, long time. It felt wonderful to be in your presence and of the others attending. I definitely have had strong inclinations towards healing. I believe we can re-generate our bodies and have healthy bodies even into old age. I don't know yet exactly where I'm to go with this, but at least, at your workshop, I discovered what I truly believe in.
