Presents:

Strengthening

Your

Connection

With

Divine Self

As we become more attuned to our Spirit and release ego-attachment, we bring a different quality of being to all we do.

Strengthening this connection to Spirit, and living from the awareness we are all one, empowers us to Co-create a new paradigm of living for ourselves, our families, our communities, and our world.

Through guided visualization and other experiential exercises, this workshop will teach you to strengthen your alignment to Divine Self, increasing your spirit's resonance in your life."

Techniques will also be presented to help you notice when you are in healthy emotional flow, and to uncover and transform unconscious beliefs, thus clearing blocks from your Spirit's path.
