Strengthening Our Connection To Divine Self

*As we become more attuned to our Spirit and learn to
release ego-attachment, we bring a different quality of being
to all we do.*

*Strengthening this connection to Spirit, and living from the
Awareness 'we are all one' empowers us to Co-create a new
paradigm of living for ourselves, our families, our communities
and our world.*

*Through guided visualization and other experiential exercises,
this workshop will teach you to strengthen your alignment
to Divine Self, increasing your Spirit's resonance in your life.*

*Techniques will also be presented to help you notice
when you are in healthy emotional flow, and to uncover
& transform unconscious beliefs,
thus clearing blocks from your Spirit's path.*
